

## Press Release

### Logista Pharma Achieves GDP Certification for Good Distribution Practices of Medicines in Italy

*Issued by Bureau Veritas Italia, the certification acknowledges Logista's commitment to full compliance with European regulations on proper distribution of medicines*

Rome, 16 December 2025

Logista Pharma, a subsidiary of Logista – one of Europe's leading logistics operators – has obtained GDP (Good Distribution Practice) certification for its site in Fiano Romano (Rome). The certification, granted by Bureau Veritas Italia, a global leader in certification and compliance verification services, confirms full adherence to European guidelines and Italian regulations on good distribution practices for medicinal products for human use.

This certification ensures the quality and integrity of medicines throughout the entire logistics chain, from storage to transportation, guaranteeing effectiveness and safety. Achieving this milestone demonstrates not only full regulatory compliance but also a rigorous quality management system and accurate temperature controls.

This is an important achievement that confirms Logista Pharma's ongoing commitment to ensuring quality, reliability, and traceability throughout the supply chain, safeguarding the integrity of medicines and preventing counterfeit products from entering the distribution network. The Fiano Romano hub – covering an area of 25,000 square meters and serving all of Central Italy – implemented key processes to reach this goal, including staff training, suitable facilities and equipment, and defined procedures for complaints and returns.

**Filippo Tartaglia**, General Manager of Logista Pharma Italia, commented: "This certification is a tangible confirmation of Logista Pharma's commitment to meeting the highest standards in all its activities. But we are not stopping here; by 2026 we plan to extend and broaden our certifications to enhance our logistics hubs, including the new 20,000 sqm site in Silvano Pietra, located in Pavia province."

#### About Logista

Logista is the leading distributor to proximity retailers in Europe. In Italy, it has built one of the largest proximity logistics and trade networks and is recognized as an efficient and neutral partner. With more than 90 depots, it supplies 60,000 points of sale throughout the country, guaranteeing the State a revenue of around 15 billion euros per year. Logista is committed to numerous sustainability initiatives designed to minimize the impact of business by considering environment, community and business in a vision of mutual development.
